2. I am sorry I cannot agree to the proposal of the President, City Municipal Council. The question of the contributions payable to the Municipality has been considered by Government on more than one occasion, and it has been finally ordered in G O No. 2027-9/M1 93-28-8 dated 4th September 1928, that the Municipality be given as a special case, the annual contribution of Rs.5,000 only, subject to certain conditions. A premier Municipality like Mysore must be able to maintain the roads with its own resources; when we are levying contribution from other Municipalities towards the upkeep of roads within Municipal limits, it is not fair to give any further contribution to Mysore City Municipality.

From

President, City Municipal Council,

URGENT

To

The General Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore

Sir,

With reference to Government Order No.L.2027-9/Ml 92-28-2 dated 1st/4th September 1928, directing that the annual contribution of Rs 5,000 sanctioned in the Government Order of March 1925 for the maintenance charges of State Fund Roads running through the City be continued as a special case etc., I have the honour to state that till the end of the year 1926-27 the Municipal Council were getting from Government a contribution of Rs 5,000 and odd for the maintenance of Provincial Roads within the City. They were also being given another grant of Rs.5,000 to enable greater attention being bestowed on the roads The claim of the Municipality for the two said grants was however, being questioned now and then and Government being approached on such occasions, only one of the grants is being ordered to be continued Vide Government Order No.L 1501-3/Ml.113-23-7 dated 21st August 1924; No L.6716-19/Ml.109-24-9 dated 21st March 1925, and No. 2027-9/Ml.92-28-2 dated 1st/4th September 1928

As per the latest Government Order of April 1928, the Municipality are entitled to get only Rs.5,000, subject to the condition that the Public Works Department is satisfied (1) that not less than this amount has been actually spent on the roads and (2) that the roads are in good repair.

In this connection, I beg to submit that, unlike the roads in

other Municipal limits, the Mysore City roads have to be maintained in a high standard of efficiency to befit the frequent occasions on which distinguished guests visit the City, and to withstand as well the heavy Motor traffic, increasing of late years In this office letter No.G.T.64 dated 13th July 1928 to Government, which led to the passing of the Government Order of April 1928, it was also urged that the contribution might be raised with reference to the revenue derived from Motor Bus Traffic

At present, there are 14 miles 5 furlongs of Provincial and 6 miles 1 furlong District Fund Roads running within the City and the annual cost of maintenance amounts to Rs.10,737 as per statement attached The accumulated liabilities at the close of 1928-29 amounted to about to Rs 1,00,000 The Municipality have also their heavy commitments for the current year 1929-30, the tarring of roads at a cost of nearly Rs 30,000 being one of them.

In the light of the foregoing facts, I request that Government may be pleased to restore their original grants, or as an alternative, to increase the sanctioned grant of Rs 5,000 to at least Rs 10,000

Favour of early orders is solicited.

I have the honour to be,

Sir,

Your most obedient servant,

President
